# “SIMPLE STREAMING SOLUTIONS”

## **WHO ARE WE:**

No Limits Streaming Media is a full service hosting company for video streaming.

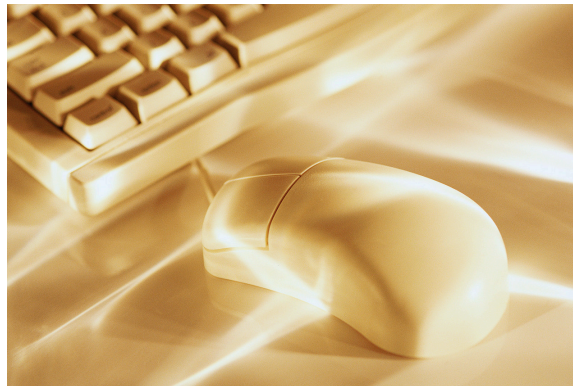

## **WHAT DO WE DO:**

We provide live and archived video streaming services to businesses, churches, schools, and other organizations.

## **HOW DOES STREAMING WORK:**

The event is broadcasted live from your organization to No Limits Streaming Media and transferred via the internet to multiple locations.

Video streaming allows your event to be seen around the world instantly with no time restraints and few content restraints.

## **WHY NO LIMITS STREAMING MEDIA:**

The No Limits Streaming Media team works closely with its clients to develop and maintain a simple cost effective solution to video streaming.

Clients can choose from one of our custom packages or a No Limits Streaming Media team representative can develop a streaming service to meet a clients specific needs.

Our sister company New Day Technology, works hand in hand with us to provide the best and latest technology for internet streaming. New Day technology also provides cutting edge computer and database solutions.
